

### We believe in a strong R&D Program as a driver of our future growth

- R&D facility established at our own plant for new product development & Continuous Process Optimization
- Highly qualified Scientist's, Chemist's & Chemical Engineer's gives an extra edge in our R&D
- Development of novel catalytic processes

### Sustainability

Sustainability of our processes is imperative to the future of company.

#### @ Zero Liquid Discharge (ZLD)

Our responsibility towards environment is non-compromised. We are ZLD facility which reduces environmental impact

#### Process Efficiencies

We choose our products and reactions to achieve the highest possible atom efficiencies.

## Harmony Products with Extensive Certifications / Registrations

### Manufacturing Plant Certifications & Registrations

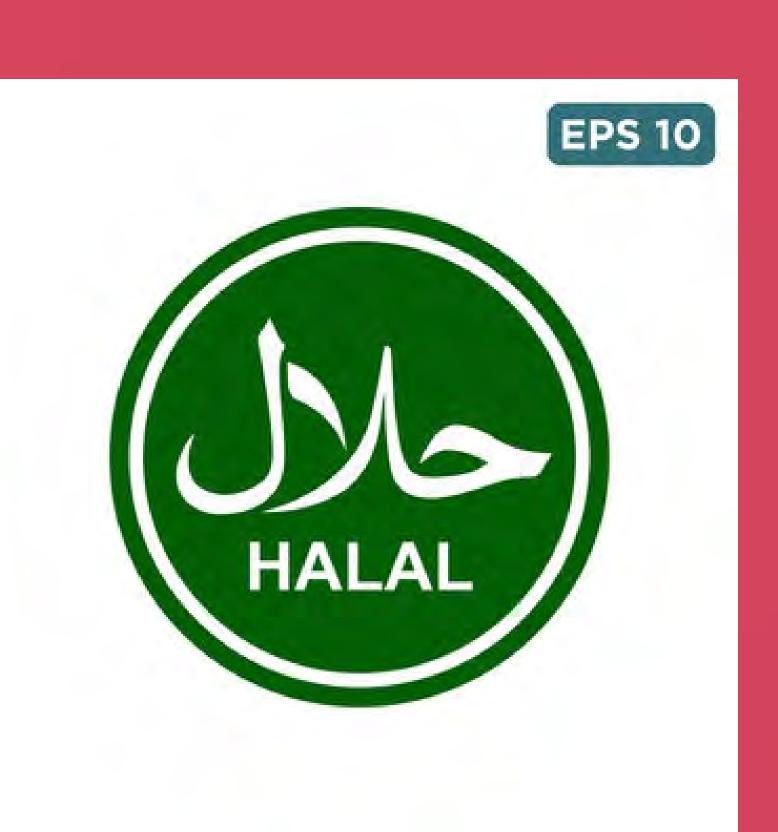

#### Free of Residual Methanol USP Section

REACH Registration

USP-30
Pharmacopeia
(PEA)

Free of Residual Methanol USP Section

Food Grade
Specs.
Benzene
below

Free of Styrene & residual peroxide

Food Grade
Material
certified free of
Heavy Metals
(As / Pb /

Free of
Aflatoxins

Accelerated Stability

### Harmony Organics, Pvt Ltd Leading Manufacturer of Aroma Chemicals Le

Carrying rich experience over 45 years

Globally accepted &

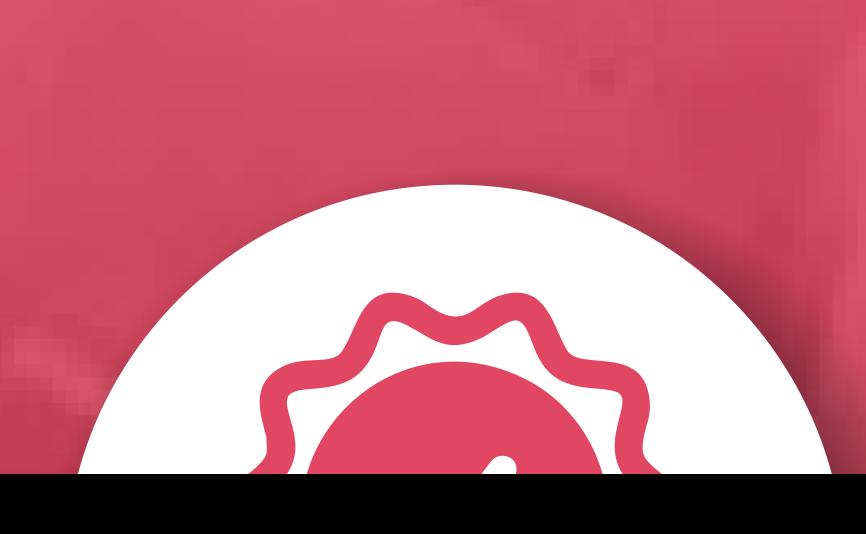

Largest PEA manufacturer in India & second largest in the world in the world

Recognized & Trusted supplier for all the top MNCs globally

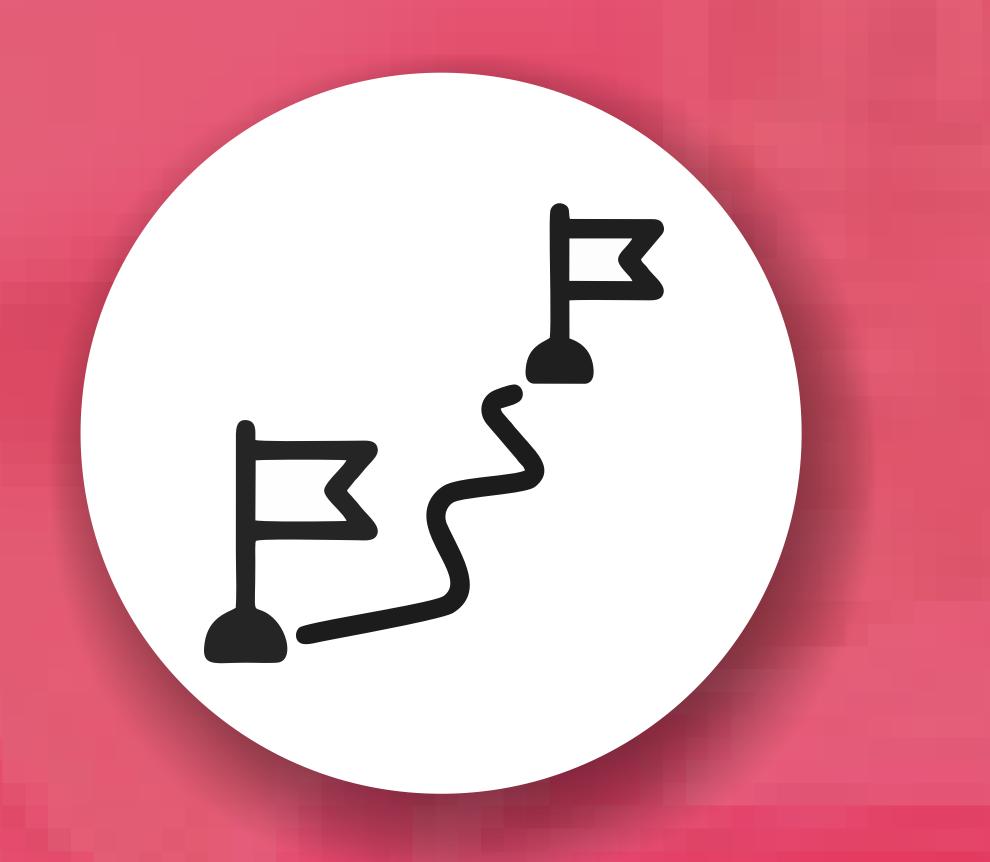

4 One of the biggest manufacturer of CNMD

We are certified by FSSAI. REACH.

## Harmony Values

### Milestone Milestone

Harmony Established in Mumbai. Starts making PEA by EO route.

Company relocates manufacturing facility to Kurkumbh (Pune)

Cinnamic Aldehyde (CA)
production begins.
PEA capacity expanded

Added Styrallyl Acetate, Aldehyde C16, Benzyl Salicylate & Many other products

1976 1985 2006 2007 2017 2020 2022

# Market Segments

### Harmony Organics, Pvt Ltd

### Our Offerings

#### FIORA

- Phenyl Ethyl Alcohol
- Benzyl Salicylate
- Benzyl Acetate
- \* Benzyl Acetone
- Rose Crystal Ex Benzaldehyde
- \*Nerolin Yara Yara
- \* Nerolin Bromelia
- Phenoxy Ethyllso Butyrate

### Fruity/

- Phenyl Ethyl Acetate
- Phenyl Ethyl Phenyl Acetate
- \* Phenyl Ethyl Iso Butyrate
- \* Aldehdye C16
- Hexyl Acetate
- Calone

#### Balsamic

- Cinnamic Alcohol
- Benzyl Benzoate

Cinnamic Aldehyde

#### Green

- Phenyl Ethyl Methyl Ether
- Phenyl Acetaldehdye Dimethyl Acetal
- Phenyl Acetaldehdye In 50/75 % Pea
- Styrallyl Acetate
- Phenyl Propyl Alcohol
- Hexyl SalicylateStyrene Oxide
